PARLOR ORGANS.

CARHART & NEEDHAM.

ESTABLISHED 1846.

Are the oldest manufacturers of Improved Reed Instruments in the United States, and are the inventors and patentees of the essential improvements made in this class of instruments up to the present date.

During this long period they have manufactured a vast number of instruments of all styles; AND WHEREVER THEY HAVE BEEN EXHIBITED IN COMPETITION WITH THE INSTRUMENTS OF OTHER MAKERS, THEY HAVE INVARIABLY TAKEN THE HIGHEST PREMIUM.

THE LAST TRIUMPH OF CARHART & NEEDHAM.

At the Fair of the American Institute held in New York in 1865, Carhart & Needham received the *Special Gold Medal* over all other reed instruments in competition. The Judges were Dr. Wm. Berge, C. B. Seymour (critic of the *N. Y. Times*), Thomas Appleton, organ builder of Boston, George Jardine, organ builder of New York, and Dr. E. Ringer, an expert.

EXTRACTS FROM THE SEVERAL REPORTS OF THE JUDGES:

From report of Dr. Wm. Berge.

"The quality of the tone is the best I have ever heard; and the number of stops surpassed my expectations. The delicacy of touch and the quickness of speech are remarkable. I consider the Parlor Organ of Carhart & Needham to be the best on exhibition, and entitled to the highest award of the institute."

From the report of C. B. Seymour.

"The undersigned thinks it proper to suggest that Carhart & Needham should receive a Special First Premium for their large Parlor Organ."

From report of Thomas Appleton.

"No. 526 is the best for 1st. It contains more reeds and of greater variety than any other. 2d. The reeds are placed above the key-board, thereby allowing a greater volume of sound to be heard. 3d. The successful application of the swell which makes this instrument resemble the church organ more nearly than any previous arrangement. 4th. The voicing of the reeds is remarkable, and in the smoothness and quality of tone they resemble pipes more than reeds. 5th. The instrument is undoubtedly superior to any ever before constructed with reeds."

From report of George Jardine.

Carhart & Needham were the first in the world to discover and demonstrate that vibrating tongues or reeds can descend in the bass with the very finest quality of tone, rich, round and full, of quick articulation and free from windiness, to the 32 feet tone of C. C. Cc."

From report of Dr. Ringer.

"No. 526 is the best for its superior softness, evenness and power of tone, being less reedy than in any instrument I have examined. 2d. For the great number of keys of different character of tone, which give the player an almost infinite variety of combinations."

From Watson's Weekly Art Journal.

AWARDS TO MUSICAL INSTRUMENTS.—A Gold Medal was awarded at the late Fair of the American Institute to CARHART & NEEDHAM, for the best reed instrument on exhibition—a most deserved testimonial.

"They are an exceedingly good substitute for an organ, and I can speak of them in the highest terms."

GEO. W. MORGAN.

"I have found them to be the finest instrument of the class I ever saw."

GEO. F. BRISTOV.

"They are entitled to be ranked as the first and best among instruments of their class"

WM. A. KING.

"The tone is incomparable, and they are far in advance of any other instrument of a similar kind."

CHARLES FRADEL.

ANNOUNCEMENT EXTRAORDINARY!

In a former announcement we declared our intention of issuing at an early date, the first number of a New Illustrated Journal,

"THE MIRROR OF THE TIMES."

Our object is to present every week, a paper which can be taken up in a leisure hour, and which shall particularly avoid all questions of a political nature. In its columns every person will find something to interest him. Its illustrations will be in the highest style of the art, and by the best artists. Having made arrangements with an extensive manufacturer in Belgium, by which we can import our paper at a much smaller cost than a majority of our cotemporaries, we shall be enabled thus to give our subscribers the benefit of such arrangements. The Publishers of "*The Mirror of the Times*," are now negotiating with a number of distinguished writers, for their regular contributions to our paper. Among them are "Artemus Ward," (Chas. F. Browne), the inimitable humorist. P. T. Barnum, (author of "Humbugs of the World,") who we expect will contribute a series of articles, the subject of which, for obvious reasons, we do not at present specify, but which if announced, would create an unparalleled excitement.

One of the most brilliant and promising of our younger Literateurs, and whose late work, ("*The Campaigns of a Non-Combatant*") is so remarkable for a peculiarly graphic power of delineation and expression.

George Alfred Townsend ("Alfred Trample") will contribute a series of elaborate and exhaustive sketches, entitled, "*Newspaperdom Exposed! The Press of New York*." Being an exhaustive treatise on the Daily, Weekly, and Monthly Press of New York City. These articles will contain developments of the Origin, Characteristics, Personnel, Policy and rules of Composition of each of the leading Editors, Contributors, and Publishers. Rates of payment for Literary Labor, Manner of Employment, methods of procuring News, Proportion of Successful Publications: Adventures, Biographies, and Characteristic Anecdotes of Notable and Remarkable Journalists and Writers. Inside life of a Newspaper. Cost of publishing a Daily, Weekly, or Monthly. Significant Failures and Successes. "Hack-working," *Bohemianism*, Comparative status of Literateurs, in New York, London, Paris, and Leipzig. Houses of Popular Literary men, Follies and Vices of Journalism. Ages of popular publications, their circulation, &c., &c.

In addition to these unrivalled attractions, "*THE MIRROR OF THE TIMES*" will contain a department devoted to the Ladies, which will be presided over by a popular fashion writer, and which will be rendered doubly interesting by handsome engravings of the latest styles of dress. The paper will also contain a department exclusively for Gentlemen, in which will appear the latest intelligence of Base-Ball, Cricket, Chess, Billiards, Quoits and Trotting Matches. Interesting Dramatic and Theatrical News, by an experienced editor. The latest items in Science, Art and Literature, Impartial Reviews of New Publications, Fascinating Novels, Tales, Romances, Sketches of Adventure, Travels, Instructive Scientific Articles, Chess and Billiard Problems, Scintillations of Humor, Wit, Caricature, Humorous Experiences and Anecdotes, &c., &c.

In accordance with a custom inaugurated by several new Periodicals, we shall present to every subscriber of "*THE MIRROR OF THE TIMES*," a picture expressly engraved for us, entitled,

"POPULAR NOVELISTS."

Being the Portraits of those who by their works, have endeared themselves to the popular heart. Its size is 20x24 inches. It contains on thick white paper, suitable for framing, the "counterfeit presentments" of the late Wm. Makepeace Thackeray, Chas. Dickens, Douglas Jerrold, Tom Hood, Sir E. B. Lytton, Charles Reade, Washington Irving and Chas. Brookden Browne. Under each portrait is a fac-simile of the hand-writing of the distinguished writer it represents. This magnificent engraving, worth at least twice a year's subscription to "*THE MIRROR OF THE TIMES*," will be presented without extra charge, to every subscriber of the paper.

SPECIAL NOTICE.—The low price charged for this Journal will prevent the publishers from allowing its being sold by News dealers, and they hereby inform all desirous of reading "*THE MIRROR*," that it is absolutely impossible to procure it any other way than by direct subscription to the publishers. To give more room for the insertion of interesting reading matter, the publishers of "*THE MIRROR OF THE TIMES*," desire thus publicly to decline insertion of any Advertisement whatever. It is also impossible for us to send FREE Copies of our paper, to those desiring them. All applications for such should contain stamps for an amount sufficient to defray all expense of value or postage.
